3	If open to E- bikes having directional trails is more important, to keep traffic flowing one direction	10/26/2023 9:08 PM
4	I am not an e-bike fan. But the truth is, it is the future, and we are silly not to allow class 1 ebikes. Bentonville is a very progressive town, and they are all over the place. Plus it allows a lot of people access to our amazing trails that otherwise wouldn't use them.	10/26/2023 8:38 PM

5	Expanding the trail network to the Gypsum area would be amazing, especially cross country or beginner trails.	10/26/2023 12:40 PM
6	Please more hand-built technical trails. I feel like we have more than enough machine built trails.	10/25/2023 2:34 PM
7	No ebikes they can ride on already available motorized trails	10/25/2023 12:03 PM
8	the more, the better	10/25/2023 11:11 AM
9	I love our trails, I think we have some really good beginner options between Haymaker, LOV and the Eagle Ranch Loops so I think we're covered there. Might be nice to have some options for those in Gypsum to connect easier to the trails over here. They can now but it's via jeep roads and less fun for them I suspect.	10/23/2023 1:05 PM

13	we have lots of flow, need some technical riding	10/21/2023 9:15 AM
14	Keep e-bikes off the trails. They have streets. Ride too fast on trails.	10/20/2023 11:27 AM
15	How can we solve the growing class 4 e-bike problem?	10/20/2023 11:08 AM
16	I would adore a trail system in Gypsum! I have pretty easy access by car to Eagle or Dotsero, but we really don't have anything that I am aware of other than miles of dirt road before you can get to single track	10/20/2023 6:13 AM
17	Keep a trail or two raw and natural.	10/19/2023 8:08 PM
18	Better climbing trails for networks. Everything here is nearly spandex only punishingly steep.	10/19/2023 7:40 PM
19	There is a huge lack of beginner and rolling hills trails,	10/19/2023 7:29 PM

## Q10 In your words, what could the VVMTA do to improve your likelihood of supporting our organization?

Answered: 144 Skipped: 47

#	RESPONSES	DATE
1	nothing. I already volunteer and am a member	11/16/2023 4:18 PM
2	Aggressively advocate for E-bikes, level 1	11/15/2023 8:51 PM
3	Support and open trails to class 1 e bikes	11/15/2023 6:41 PM
4	Increase visibility of the organization	11/15/2023 5:33 PM
5	If VVMTA is more than a mountain bike association, they should come out with a statement that they support Wilderness Areas that don't allow wheeled or mechanized transport.	11/15/2023 5:19 PM
6	Continue building trails that aging cyclists enjoy, i.e. gradual climbs. The improved section of the Ute Trail is awesome. So is the Meadow Mtn. trail to the cabin. Also, more Ebike (class 1 only) access would be most welcomed.	11/9/2023 5:50 AM
7	Keep working on and creating great flow trails - limit ebikes or additional e-bike education - a mix of trails is important, but more flow please	11/8/2023 11:55 AM
8	1) Advocate for more eMTB access to trails 2) Host easy group trail rides across the valley, not just Eagle or Vail.	11/7/2023 9:24 PM
9	Keep up the good work! VVMTA has been a great advocate for all trail users in Eagle County.	11/7/2023 2:49 PM
10	Continue to demonstrate how you are advocating for what the community wants. (You do a great job already! Keep it up!)	11/6/2023 5:20 PM
11	Already a donor- I think VVMTA is making a difference.	11/6/2023 5:12 PM
12	do whatever you can to get more members and a larger voice in our Eagle County communities	11/6/2023 1:28 PM
13	I need more information on what VVMTA does. Do you work mainly on mountain biking and hiking trails? Are you involved with the bike path from Dillon to Aspen?	11/6/2023 1:27 PM
14	continue to offer swag, socks etc	11/6/2023 12:08 PM
15	I'm poor	11/6/2023 12:07 PM
16	Make trails directional. Allow ebikes	11/6/2023 11:31 AM
17	Posting volunteer opportunities via social media: facebook group and a greater IG presence.	11/6/2023 11:31 AM
18	More support for red Cliff area	10/31/2023 4:04 PM
19	Informing land owners in every step of trail development. No surprises. Transparency.	10/30/2023 10:58 PM
20	Support the wilderness Work with ESWA	10/29/2023 7:43 PM
21	More visibility into what you do	10/29/2023 9:29 AM
22	You're doing great!!! Thank you	10/28/2023 1:17 PM
23	Build trails in and around red Cliff. We have incredible terrain with no mtb trails.	10/28/2023 1:17 PM
24	Educate users of trail system about allowed uses and consideration for others. I, my child and my dog, as well as friends, have nearly been run over by mostly downhill cyclists on shared use trails when we as hikers have the right of way. The trails that are not mapped should stay that way. One of the worst things that happened was the connection of Vail Mountain trails to those leading to Minturn, plus uphill bike hauls. At times, hiking to Lions head Rock is no	10/28/2023 1:10 PM

	longer enjoyable because one has to have eyes on every side of their body to make sure we won't be taken out.	
25	Many VVMBBBA projects are not supported by the MTB community and seem to be driven by intrinsic motivation not voiced by local riders. Reroutes such as mill creek are wasting time, money and man hours. Each trail build is identical, ie cougar reroute is basically same ride as upper game Creek reroute, which rides same as mill creek. We call the organization the trail neutering crew for a reason	10/28/2023 1:00 PM
26	For donation, create a QR code or link for easy donating (if it doesn't already exist). A early summer informal gathering to meet others and learn about volunteer needs of VVMTA and summer/fall trail plans.	10/28/2023 9:02 AM
27	Secure Class 1 e-bike access to all trails and preserve pre-existing niche trails like Oso and A-10.	10/27/2023 10:41 PM
28	Nothing. The work performed by the VVMTA far exceeds my contributions. I can only hope that other users donate/participate as well.	10/27/2023 11:24 AM
29	I'm a \$50 annual donor. I think VVMTA has been awesome for the valley.	10/27/2023 7:49 AM
30	Continue to provide updates on work projects and share opportunities to volunteer or give to keep providing sustainable trails!	10/26/2023 9:08 PM
31	Doing great work already! Thank you!	10/26/2023 8:38 PM
32	Keep doing what you're doing. I truly appreciate the work and effort.	10/26/2023 7:51 PM
33	Unknown	10/26/2023 2:34 PM
34	Create more beginner and cross country trails. I don't think we need more technical trails, I want lots of miles to get a workout, I'm not out to scare my myself or risk serious injury.	10/26/2023 12:40 PM
35	Get back to focusing on trails	10/26/2023 12:33 PM
36	We already support it.	10/26/2023 6:47 AM
37	More advanced mountain bike trails with wooden features and jumps	10/26/2023 12:25 AM
38	Build more beginner and expert trails. Stop making every trail in the valley a blue downhill trail	10/25/2023 10:26 PM
39	Advertise volunteer events, promote user education, maps	10/25/2023 9:16 PM

43	Give more surveys like this to build new trails that the people would want to ride	10/25/2023 7:53 PM
44	More dog trails	10/25/2023 7:42 PM
45	Share plans and goals	10/25/2023 7:23 PM
46	Push harder for more new trails, advocate form less wildlife restrictions when conditions allow	10/25/2023 6:42 PM
47	If I move there, I will.	10/25/2023 5:59 PM
48	Keep making trails and improvements and spread the word about the work VVMTA is doing.	10/25/2023 3:18 PM
49	Nothing	10/25/2023 2:34 PM
50	I already support vvmata, but I would love to see more technical directional downhill mountain bike trails. Trails with optional b lines would also be great	10/25/2023 2:24 PM
51	Creating some focus groups of local riders to get input and use that input to take to FS to create a master plan. This should also include a master plan to link A basin to arrowhead in Edwards. We are only a few sections of trail from this being complete and would be unique (unique here more similar to the Alps) being able to ride from mountain town to mountain town by trail. Additionally a crown jewel would be a loop to the summit of Bald Mountain. It would serve as an incredible 4,000' descent as well as an alternative hiking trail to ease demand on the current East Vail hiking trails. It would also offer up something different for hikers in that	10/25/2023 2:23 PM

you would go up a ridge instead of a valley (booth, pitkin, gore all stay low valley until the end). Bald is also a popular winter tour as it provides a long ascent and descent that does not enter major avalanche terrain so I think it would see year round use by all user groups.

52	VVMTA could be better at striking a balance between conservation and recreation.	10/25/2023 1:17 PM
53	More access to a broader range of events	10/25/2023 1:15 PM
54	Build more climbing trails like Dakota	10/25/2023 1:09 PM
55	Be transparent on how money is spent.	10/25/2023 12:32 PM
56	Work on trails all over the valley and not just up valley. Eagle needs some love to their trails.	10/25/2023 12:21 PM
57	Love you guys already!	10/25/2023 11:59 AM
58	I need to really think about this. I think the VVMTA is a great organization. How about offering bike skill clinics for those that want to improve their riding, not just for beginners. It could be something that you charges for (maybe offer scholarships or free entry to the under served in our community).	10/25/2023 11:51 AM
59	Continue promoting good stewardship and advocating for quality trails.	10/25/2023 11:42 AM
60	Get the word out.	10/25/2023 11:39 AM
61	Keep kicking ass.	10/25/2023 11:22 AM
62	More beginner /lower intermediate singletrack up-valley	10/25/2023 11:21 AM
63	More commuter /intermediate trails , inclusive of Ebikes(class 1)	10/25/2023 11:11 AM
64	Open the trails to e-bikes. Build more good flow trails. The new gopher it trail at cooper is amazing. Aftermath in frisco is amazing. The grand hogback system is great and all 3 of those areas e-bike friendly.	10/25/2023 11:04 AM
65	More support for youth trails and programs	10/25/2023 11:03 AM
66	I already support, but I'd love to see some backpacking courses/outings	10/25/2023 10:47 AM
67	Do not support e-bikes on trails. I can get behind some sort of exception for older or handicapped riders. General population should not be using e-bikes on trails.	10/25/2023 10:43 AM
68	Communicate future trails	10/25/2023 10:38 AM
69	I already do.	10/24/2023 11:02 AM
70	work collaboratively with other organizations, decommission trails if necessary to protect wildlife	10/23/2023 8:57 PM
71	Continue to maintain and grow our trail systems in Eagle County	10/23/2023 6:22 PM
72	I already support and am happy to continue to do so!	10/23/2023 1:05 PM
73	I volunteer my time currently, and I would love to see more advocacy for mitigating wildlife impact while not impacting the current recreation opportunities there are. Wildlife is a big aspect of wh i like to recreate on trails and expanding rail networks father into habitat can have an adverese effect. A system for punishing those who flout trail closures and allow dogs to chase wildlife off-leash should be established.	10/23/2023 12:35 PM
74	Already do	10/23/2023 12:14 PM
75	Support ebikes	10/22/2023 2:42 PM
76	I already contribute	10/22/2023 2:13 PM
77	More women specific events	10/22/2023 9:30 AM

80	Continue to add new trails!	10/22/2023 7:24 AM
81	Keep focusing on getting more access and building more trails and trail systems. More	10/22/2023 6:47 AM

	singletrack uphill options (bummer about Vail Uphill and Redsandstone). Connectors so trail systems can be linked for epic rides! The new Mill Creek is awesome, keep up the good work!	
82	Horseback trail education, support, designated trails or trail days	10/21/2023 1:28 PM
83	Nothing	10/21/2023 11:35 AM

89	I HAVE BEEN A PART-TIME RESIDENT OF ARROWHEAD FOR 17 YEARS AND THE TRAIL SYSTEM HAS SIGNIFICANTLY IMPROVED OVER THE LAST SEVERAL YEARS. I ATTRIBUTE THAT IMPROVEMENT TO THE INVOLVEMENT AND EFFORT OF VVMTA. THANK YOU!	10/20/2023 1:26 PM
90	Trail maintenance	10/20/2023 12:58 PM
91	Protect wildlife	10/20/2023 12:30 PM
92	Even though I support and appreciate the work of VVMTA, I have lost respect for and will not support the organization due to their disagreement with seasonal wildlife closures, mainly in the Haymaker zone. Our wilderness holds value beyond the utility and recreational use of humans. It is a privilege to live next to protected wilderness, and as populations grow it is important that we respect the decisions of CPW and BLM.	10/20/2023 12:07 PM
93	New Bike trails and improved bike trails a real problem for elk. CPW is able to limit hunter presence in response to elk population management every year, they can turn up or down the faucet as needed. MTB's cannot do that. It's an existential conflict. It makes me weary to support VVMTA. I do appreciate the organization and the many benefits to individuals and communities; but that's unfortunately tempered by the fact that I believe a more robust and well funded VVMTA would inevitably lay new trail or improve underutilized trail and access to areas that just don't need any more traffic. It's a tough spot. The bike Rec industry just doesn't have the tools to limit/redirect trail traffic to address pressure on wildlife which changes year to year. the only tool seems to be more trail and better trail, to distribute pressure over a greater area. A commitment to higher density trails closer to traffic corridors and population centers would help garner my support; but obviously those aren't the fun trails people want to bike on. Mixed use public land is hard.	10/20/2023 11:54 AM
94	I already support it	10/20/2023 11:29 AM
95	I think the group is fantastic!	10/20/2023 11:27 AM
96	You all do great. If I had to made a suggestion it would be -selfishly- to have events when I'm available on Monday or Tuesday nights. Most of the events are on Wednesdays which many of us are not available for. Perhaps creating a mailing list by which days people are available could increase more participation?	10/20/2023 11:08 AM

113	You all rock it	10/20/2023 7:40 AM
114	You're perfect- don't change.	10/20/2023 7:33 AM
115	Winter closures of ALL trails (including Haymaker) to protect Elk and Mule Deer and all wildlife	10/20/2023 7:07 AM
116	Be more thoughtful and transparent when considering new trail developers	10/20/2023 2:30 AM
117	Continue to maintain and improve existing trails and access, building new trails and connecting existing trail systems. Also, advocate for more E-bike friendly trails. Encourage bikers to use bells to passively alert hikers to their approach.	10/20/2023 12:15 AM
118	Respect the local wildlife biologists as to what their time in the field studying the elk herds and deer population has to teach us. The VVMTA and HTC build amazing trails. I am grateful for that- the MTB trails are what make me strive to reside here. As an avid mountain biker, I can still recognize when it is time to leave certain areas of wilderness to the elk and deer. The District Wildlife Managers spend the time studying these animals- The trail crews build kick ass trails. Both need to respect each other and stay in their field of expertise. As adults, we can't just live in the mountain wilderness and do whatever we want just because it's a lot of fun. We need to respect the elk and deer. They need to rest and not waste energy by being startled by trail users. This causes them to starve and sometimes they even need to be put down with a gun because they are weak and suffering. We people who love to recreate in the wilderness need to respect the wilderness. It's not all about what we want. I mean no disrespect.	10/19/2023 10:49 PM
119	Build new trails and maintain the ones we have. Allow class 1 e bikes	10/19/2023 10:42 PM

122	Doing a great job...just continue	10/19/2023 10:12 PM
123	Stop building new trails. Maintain current trails. Advocate for enforcement wildlife seasonal closures	10/19/2023 10:03 PM
124	We don't need more climbing trails or flow trails. We do need more advanced trails	10/19/2023 9:05 PM
125	Find a way to connect east vail with town via single track, and build a bidirectional trail from east vail up to mill creek	10/19/2023 9:04 PM
126	offer A/B route options around obstacles, keep trails challenging without 'fixes'. Some good work on Overcrisp in this area...	10/19/2023 8:53 PM
127	Branded merch at local shops?	10/19/2023 8:41 PM
128	Create more easy-intermediate MTB trails on Arrowhead/Beaver Creek	10/19/2023 8:41 PM
129	Continue to advocate for climbing cross country trails	10/19/2023 8:40 PM
130	I really do love VVMTA as someone who uses trails almost every day and has volunteered with VVMTA many times. In the past few months, I have begun to see faults in VVMTA. Most recently, claiming the CPW does not know what they are talking about when talking about Elk Herds. From what I understand, VVMTA does not have a staff ecologist and CPW has many. If you could do something as easy as closing a trail that serves at most 800 people in the winter,	10/19/2023 8:14 PM

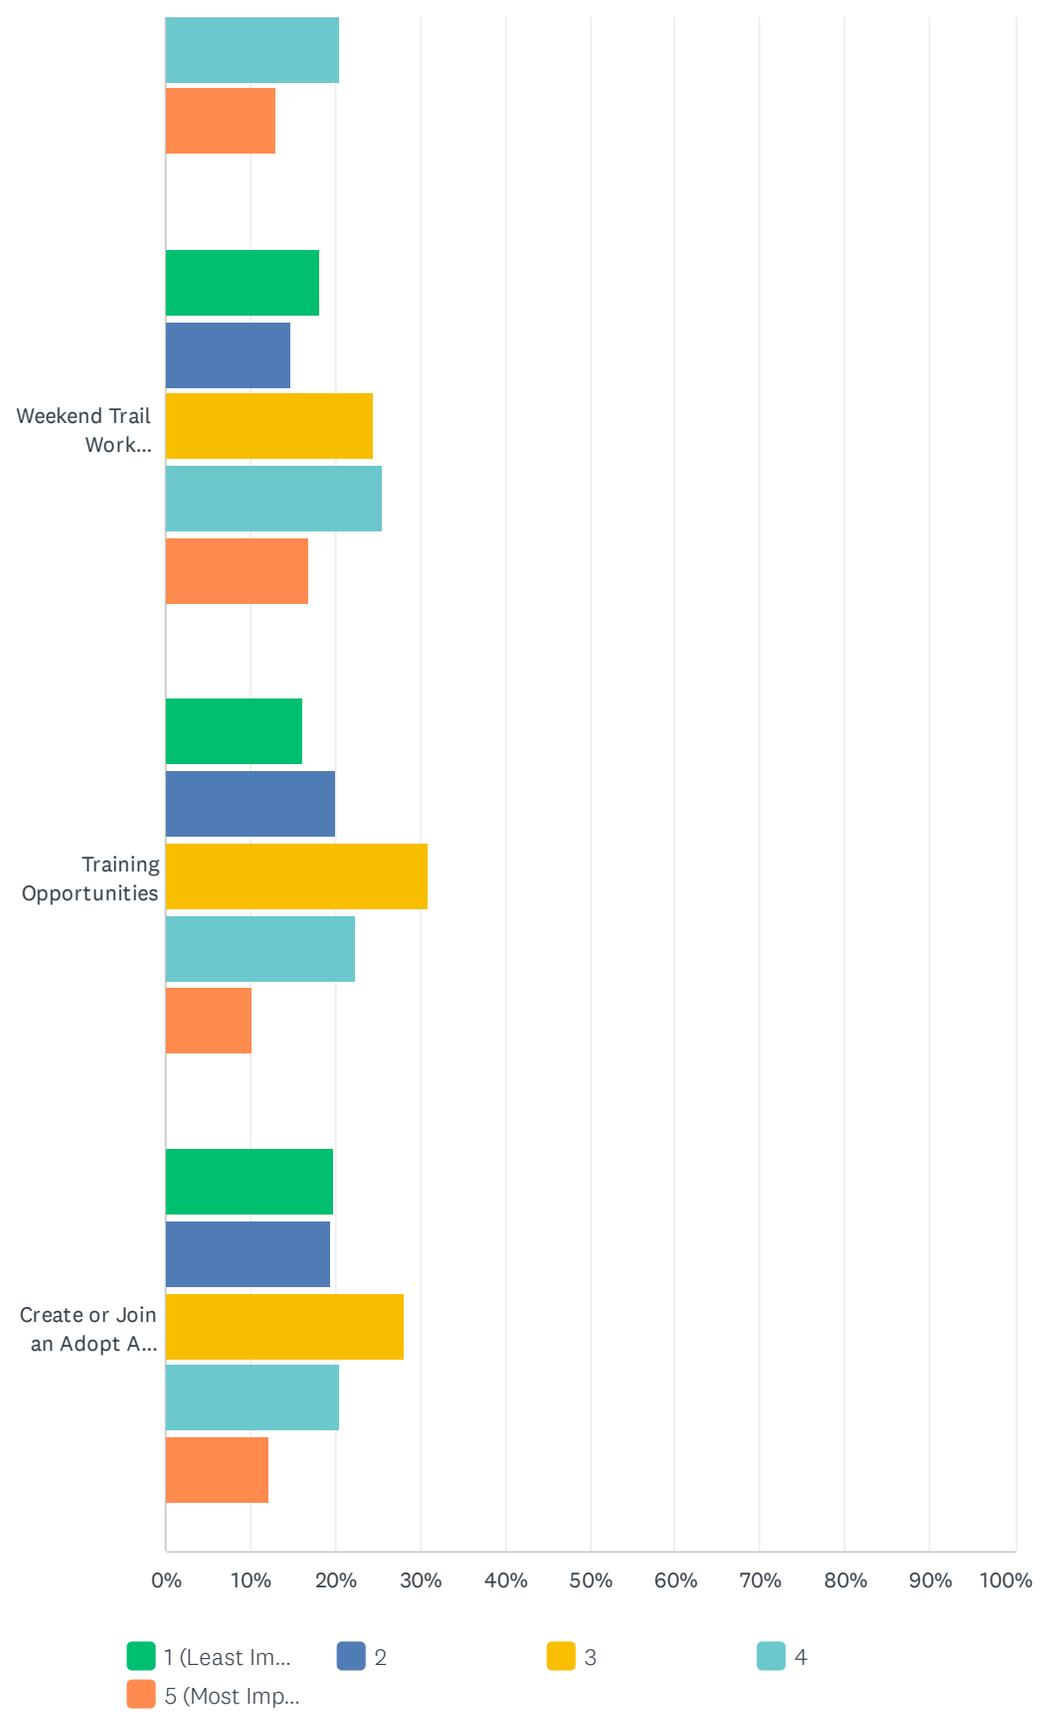

why would you not? Why would you not protect our elk herd as they have already been pushed out? I would like to state I am also against Haymeadow, but that was bound to happen. As a nonprofit that advocates for conservation and sustainability, you need to think about wildlife and what is the IMMEDIATE benefit to them. Not the benefit 4 years down the road when your 'protect the wild' educational campaign catches steam with everyone. Please do the right thing.

138	I support you guys 100%	10/19/2023 7:43 PM
139	Please hear the concerns and criticisms of riders who are upset that technical, expert level trails are being turned into lifeless flow trails in the name of sustainability. Trail restoration must consider the original character and difficulty of a trail, and there are ways to keep things rowdy and rad while considering long-term needs.	10/19/2023 7:41 PM
140	I'm not exactly sure. I have kids and work M-F so the opportunities seem fleeting to go to social events or trail build and I don't do the race series. Open to suggestions...	10/19/2023 7:40 PM
141	Keep building professional grade trails	10/19/2023 7:38 PM

## Q13 In your opinion, what does VVMTA need to improve upon?

Answered: 141 Skipped: 50

#	RESPONSES	DATE
1	Educating on trail etiquette	11/16/2023 4:18 PM
2	?	11/15/2023 8:51 PM
3	E MTB education and trail access to emtb	11/15/2023 6:41 PM
4	More visibility	11/15/2023 5:33 PM
5	Honest messaging. By rebranding as a trail association, VVMTA pretends to represent non-Mountain-bike trail users, and thus get support from a broader group of sponsors. But the reality is that VVMT is still a mountain-biking group.	11/15/2023 5:19 PM
6	Getting the word out in advance on how and when trail maintenance is happening so it's easier to schedule if and when I might be available to help.	11/9/2023 5:50 AM
7	Advocate for more eMTB access. eMTB really help some of us older folks get out on more trails more often. Access to trails for eMTB seem very limited currently.	11/7/2023 9:24 PM
8	Communicate opportunities to volunteer	11/7/2023 2:49 PM
9	Continue to advocate for all different trail usages	11/6/2023 5:20 PM
10	Continue advocating with local officials to increase new trail opportunities and rework old trails for better "rideability" and variation. I feel we have quite a few cross-country trail options and can improve by increasing our purpose-built trails with more flow, tech features and areas for rider progression.	11/6/2023 5:12 PM
11	Building trails that are more beginner and intermediate friendly. Many climbs are built just too steep unless you e bike. Climbing trail grades should not be steep. Keep less than 5%.	11/6/2023 2:25 PM
12	more advance notice for any specific volunteer days, email reminders about available dates	11/6/2023 1:28 PM
13	doing great	11/6/2023 12:08 PM

19	Build trails in red cliff. Take advantage of incredible high alpine terrain.	10/28/2023 1:17 PM
20	Education	10/28/2023 1:10 PM
21	Utilizing experienced riders for trail builds, quit having the wyse brothers build flat and awkward corners, actually engage with what local riders want out of new trails, stop digging around features and create trails that actually challenge users. We have plenty of blue trails we need more easy and advanced options to disperse user groups.	10/28/2023 1:00 PM
22	N/a	10/28/2023 9:02 AM
23	be more vocal in supporting class 1 e-bikes and encouraging local land managers to stop blindly following the USFS lead	10/27/2023 10:41 PM
24	I would really like to see a beginner-friendly trail system east of Eagle. There are very few options in the county for new riders that don't yet have the stamina/endurance that's necessary for longer rides. Even Haymaker has very steep climbs for a beginner. I would love to have family come out to visit and take them on trails, but there are too few beginner trails to justify	10/27/2023 11:24 AM

making a trip out of it. If we had an easier trail system with less vertical, something like the Frisco peninsula trails, I think even more people would be interested in the sport in the area. This is a very difficult place to learn mountain biking without an ebike, and we currently allow ebikes in very few places.

25	Making sure our trail systems can handle increased traffic as our county grows	10/26/2023 9:08 PM
26	All communities need better connectivity and signage for out of town users. Bentonville did an excellent job of this. We need to do better.	10/26/2023 8:38 PM
27	Finding a balance with e bikes and trail systems.	10/26/2023 7:51 PM
28	Unknown	10/26/2023 2:34 PM
29	Educate, build trails for beginners or riders who don't want a lot of risk.	10/26/2023 12:40 PM
30	Be clear on your position to support trails - don't try to be everything to everyone	10/26/2023 12:33 PM
31	Advocating for more advanced, accessible, bike-optimized trail options. We need trails like Oso, really disappointed that was taken away.	10/26/2023 12:20 PM
32	I would like to get involved with the organization, but not building trails.	10/26/2023 6:47 AM

42	Being a strong voice for how important recreation, access and new trails are to the community. It's why we live here	10/25/2023 6:42 PM
43	Add a little more tech to some dh style trails.	10/25/2023 5:59 PM
44	More technical, less "flow"	10/25/2023 2:34 PM
45	Building challenging technical trails	10/25/2023 2:24 PM
46	Negotiations with multiple stakeholders. Also don't be afraid to leave a trail with some tough sections that a rider might initially need to walk. Progression is part of the process. Not all trails need to be adjusted in a manner that 100% of users can ride it on the first try.	10/25/2023 2:23 PM
47	First re-routing and maintaining, then building new. More collaboration and cooperation with other agencies to protect wildlife, natural resources and habitats. Walking the walk, not just talking the talk. Helping with sustainable management of trails after built. New Mill Creek trail has had multiple e-bike users on it each time I've ridden it. It used to be a place for solitude. Now Vail Village rental shops send e-bike renters on it.	10/25/2023 1:17 PM
48	I can't speak to this specifically	10/25/2023 1:15 PM
49	Building switchbacks on climbing trails. The new Mill Creek is fantastic as a downhill, but as an uphill, no thanks. I appreciate all of the time and effort that was put into it, but was hoping it would prove to be a good option for ascending. It is if you want to spend a few hours in the pain cage!	10/25/2023 1:09 PM
50	visibility. It's easy to ride the trails. Take credit and show off.	10/25/2023 12:32 PM
51	It would be great if they were able to vary the (add more) Soul Dirt offerings and ride/hike leaders. Maybe it isn't Soul Dirt but something for people that already use the trails .... I know adding another program is asking a lot.	10/25/2023 11:51 AM

52	Keep growing the volunteer base and continuing to advocate for full time positions.	10/25/2023 11:42 AM
53	.ore public exposure	10/25/2023 11:39 AM
54	More diversity in Soul Dirt programs	10/25/2023 11:22 AM
55	-More beginner riding up-valley -better communication of current trail conditions	10/25/2023 11:21 AM
56	Bigger trail network	10/25/2023 11:13 AM
57	More flow trails with longer big ass berms	10/25/2023 11:04 AM
58	more beginner and youth oriented trails (like 18 road) and more connector trails that don't have 2kvert of climbing, like contour trails to connect our residential areas.	10/25/2023 11:03 AM
59	Maybe work more on hiking trails. I just hear about mountain bike trails or multi -use trails that are being built. Maybe some hiker only trails would be good for those that don't like to be on multi-use trails.	10/25/2023 10:48 AM
60	N/A	10/25/2023 10:47 AM
61	I didn't really notice until I had a kid, 6 now, that there isn't a ton of easy riding throughout the valley. I do think we would benefit from more stuff like Haymaker for newer and younger riders.	10/25/2023 10:43 AM
62	Build new directional trails	10/25/2023 10:38 AM
63	Shorter emails please. There is too much info in 1 email so I "save it for later" and rarely go back to read it.	10/24/2023 11:02 AM
64	Keep on maintaining and trying to add new trails if possible in a sustainable way	10/23/2023 6:22 PM
65	I've only tried once to volunteer at a trail day and it was pretty unorganized and kind of a waste of time. I've had a hard time committing to doing it again even though I should. So just making sure those are pretty tight so you can make the most of the time would be good. I may have just hit it on the wrong day.	10/23/2023 1:05 PM

72	More weekend (daytime) trail work events (weeknights are super hard for me)	10/22/2023 7:24 AM
73	We are getting a bit heavy on machine groomed and flow - keep some wild options in the trails :)	10/22/2023 6:47 AM
74	Horseback trail riding support	10/21/2023 1:28 PM
75	Maybe add more volunteer trail days	10/21/2023 11:35 AM
76	Build some technical trails. Jumps are fun but nothing like picking your way up or down a technical route that challenges you to stay on your bike. Think More Fun in Fruita or parts of Amasa Back in Moab. Hard to ride stuff!	10/21/2023 9:15 AM
77	Prioritize maintenance over new construction	10/20/2023 2:59 PM
78	Regulating how trail adopter preforms trail maintenance and how frequently. It is easy to tell what trails get more or less maintenance from their adopter.	10/20/2023 2:26 PM

99	We have so many good trails. I'm becoming increasingly concerned about wildlife impacts, particularly as new construction continues to pop up in Eagle Co. These new developments will probably want trail access close to home, esp in areas close to BLM or NF land. I hope VVMTA can keep developing in areas that already have established trails (e.g. Meadow Mountain) while leaving undeveloped areas untouched.	10/20/2023 9:16 AM
100	Let members know what you need to support new trail projects. We can't get new trails without support of forest service and local HOAs. I never know how I can support other than volunteering or donating. I'd like to help at a legislative or government level if it will help get new or more difficult trails put in	10/20/2023 9:13 AM

129	Building more varied trails. You mentioned technical..we don't have much of that	10/19/2023 7:51 PM
130	VVMTA needs to seriously consider making some trails single direction. Off the top of my head, Mayer Gulch should only exist in a downhill direction. I don't understand why, but people attempt to bike up this trail and it is simply too dangerous when most people ride this trail downhill.	10/19/2023 7:47 PM

Some of the people standing in the way of these projects are just being silly and throwing their weight around. could public opinion expose that? Also maybe increase your email information about trail project construction specifics/dates, etc? Also sell more hats and t-shirts, etc.- get more recognition?	10/19/2023 7:43 PM
134	Trail design, especially in regards to more challenging bike trails and preserving the character of existing trails	10/19/2023 7:41 PM
135	Making the trail network/mountain biking more inclusive. Uphill trails here are so steep that even my wife who bikes can't do boneyard right now...it's like only Eagle ranch...when 50 yo women from Eagle say they'd rather go to 18 road to ride than ride in eagle you know we have a problem. Quit being E bike nazis too(more for everyone in general), people have health problems and/or age factors that prevent them from riding the steep and technical terrain here...not everyone wears spandex, races and can do 5k/ft vertical in one day.	10/19/2023 7:40 PM
136	I don't know?	10/19/2023 7:38 PM
137	More stacked trail systems	10/19/2023 7:29 PM
138	More beginner trails please. For kids and people that like less elevation gain. Look at Frisco Perimeter trail. Or the new Leadville Turquoise lake trail system.	10/19/2023 7:29 PM
139	not sure	10/19/2023 7:25 PM
140	Nothing. Absolutely crushing it.	10/19/2023 7:24 PM

## Q15 What are you most satisfied with our current trail opportunities in Eagle County?

Answered: 143 Skipped: 48

#	RESPONSES	DATE
1	i'm hoping to see more trails geared towards the older/less fit. Mill creek is just unrideable for me. Wish there were more cross country. Dakota was a nice addition.	11/16/2023 4:18 PM
2	Commuter singletrack	11/15/2023 8:51 PM
3	Number of new trails	11/15/2023 6:41 PM
4	The increase in trails each year.	11/15/2023 5:33 PM
5	I appreciate the provision of mountain-biking specific trails, in the hopes that pedestrian trails may stay bike free, for the benefit of wildlife and human users, and to prevent rutted trails.	11/15/2023 5:19 PM
6	A lot of good trails to ride now	11/8/2023 11:55 AM
7	diversity of trails and opportunity to use trails from early spring to early winter	11/6/2023 5:20 PM
8	I really appreciate the work done on Iron Edge and getting Salt Creek up and running. I think trails like Wills and the bike park builds are amazing. Belly Up climbing trail is also a great step forward. Overall, I love riding in Eagle County and feel so grateful to call this home. I think VVMTA is doing great things and is on the right path. Thank you!	11/6/2023 5:12 PM
9	Possibility of more trails being built. Despite the CDW, most people want more trails and continued use and maintenance on existing ones.	11/6/2023 2:25 PM
10	Consistent improvements	11/6/2023 1:28 PM
11	Variety and well maintained.	11/6/2023 1:27 PM
12	A lot of options throughout whole valley	11/6/2023 12:08 PM
13	Lots to choose from	11/6/2023 12:07 PM
14	Lots of options	11/6/2023 11:31 AM
15	Love the Adopt a Trail program.	11/6/2023 11:31 AM
16	Not sure	10/31/2023 4:04 PM
17	The beautiful locations and natural surroundings	10/30/2023 10:58 PM
18	involvement in all types of trails and recreational opportunities while taking care of the wildlife. Good info about trail conditions and closures that I wish we had in Summit County	10/29/2023 7:43 PM
19	A lot of variety	10/29/2023 9:29 AM
20	There are new trails being developed.	10/28/2023 1:17 PM
21	I like that there are diverse trails and are still those "secret" and seldom used trails to escape the crowds	10/28/2023 1:10 PM
22	Limiting Ebikes.	10/28/2023 1:00 PM
23	The lobbying effects of VVMTA and resultant creation of new trails for our county. With the influx of more residents and visitors, we need new trails to spread riders out.	10/28/2023 9:02 AM
24	The quality of trails is unbelievably great, especially considering the amount of trail that exists. The opportunities that already exist are extremely satisfying and maintained well.	10/27/2023 11:24 AM
25	Can ride quick loop or link long ride out your door from pretty much anywhere in the valley.	10/27/2023 7:49 AM
26	Long cross country routes	10/26/2023 9:08 PM

27	The amount of effort being put into new trail access and rerouting old trails.	10/26/2023 8:38 PM
28	How easy they are to use/location	10/26/2023 7:51 PM
29	I'm satisfied with the trail access points, I love that there is a portable toilet and changing room at the East Eagle parking area.	10/26/2023 12:40 PM
30	We have a great trail system and you still don't see many people or run into user conflicts. We are very lucky.	10/26/2023 12:33 PM
31	How many options we have and keeping them maintained	10/26/2023 12:28 PM
32	Great variety of trails.	10/26/2023 12:20 PM
33	Our trails are awesome. They are so fun. I love the goal of connecting communities too.	10/26/2023 6:47 AM
34	Easy access all across the valley	10/26/2023 12:25 AM
35	Growing number of sustainable options	10/25/2023 9:16 PM
36	Not sure I understand the question. I like what was done with mill creek and new trail off Ute	10/25/2023 9:14 PM
37	Proactively building and fixing trails	10/25/2023 9:12 PM
38	Good maintenance	10/25/2023 9:05 PM

## Q16 What are you least satisfied with our current trail opportunities in Eagle County?

Answered: 136 Skipped: 55

#	RESPONSES	DATE
1	too much vertical. not welcoming for every level of rider. very few trails for beginners/intermediates. What Vail Valley locals consider easy and intermediate is double black diamond for the rest of the country	11/16/2023 4:18 PM
2	Non-E-bike trails	11/15/2023 8:51 PM
3	Lack of e mtb access	11/15/2023 6:41 PM
4	The predominant focus on bike trails not hiking.	11/15/2023 5:33 PM
5	A trail that allows mountain bikes is not a multi-purpose trail, even if called that. North Trail is evidence of how unpleasant it is to try to travel by foot on a mountain-bike trail.	11/15/2023 5:19 PM
6	Vail to East Vail needs improvement	11/8/2023 11:55 AM
7	need more eMTB accessible trails	11/7/2023 9:24 PM
8	Occasional lack of trail etiquette (most users are pretty accommodating of others)	11/7/2023 2:49 PM
9	winter hiking/running trails lack of climbing grade trails (new section of ute is awesome...we need more climbing trails like that)	11/6/2023 5:20 PM
10	Most of my rides are in Eagle. In this area, I am frustrated by the resistance we face in building new progressive trails or at least updating and refreshing existing areas. For example Pipeline to 3rd Gulch. I Love Pipeline, but I don't understand why we can't update the 3rd Gulch road into a flow line on the side. I really think we need to consider increasing the number of directional trails in certain spots (Mayer Gulch, Bailey's). I would also love to see more trail opportunities like Mikes, Iron Edge, Sneeve, and McKenzie. In general, Hardscrabble Mtn seems like a hugely untapped area. Lastly, one gripe- the reroute on pool and ice...I think it's a good start, but it's not finished and it could use a little rework. Missing a couple berms in key spots. It was sad to see the Colorado Cycling League have to cut out the Haymaker DH this year due to safety concerns and I think this speaks to the need to re-evaluate some of this work.	11/6/2023 5:12 PM
11	Milk Creek was built way too steep, will be tough to maintain due to erosion and is just too steep to climb. Great idea for a trail, but just too steep, climbing options now are very long and difficult. Would rather have seen this built as a proper multi directional, or a up/ down loop.	11/6/2023 2:25 PM
12	need more education to the community regarding noxious weeds and how to mitigate them. Meadow Mountain was choked with thistles this summer.	11/6/2023 1:28 PM
13	West Eagle access -better climbing trail, but it seems hardscrabble is working on it	11/6/2023 12:08 PM
14	There's no trails going up the north face of Red Hill in Gypsum so that people in Eagle River Estates and Willowstone can easily access Red Hill. And they closed the singletrack going down the east face of Red Hill.	11/6/2023 12:07 PM
15	Some Trails are too busy and used in both directions causing dangerous situations	11/6/2023 11:31 AM
16	Often difficult to find volunteer opportunities - where they are posted.	11/6/2023 11:31 AM
17	Not sure	10/31/2023 4:04 PM
18	Ebikes	10/30/2023 10:58 PM
19	There aren't any new or old trails near red cliff.	10/28/2023 1:17 PM
20	The thought of allowing e-bikes on trails is atrocious	10/28/2023 1:10 PM

21	The lack of end user engagement on reroutes such as mill creek or meadow mtn. It seems like you just pick projects you and FS like and barely engage the local community. When you do, our opinions seem to be tossed in the trash. We do not care if we are a "gold level" ride center. As the saying goes, build it and they will come. Build better trails and people will know.	10/28/2023 1:00 PM
22	Limited winter use trails	10/28/2023 9:02 AM
23	The lack of opportunities for true beginners, other than the bike parks. We need low-commitment options with less vertical change for newer riders and those with lower fitness levels.	10/27/2023 11:24 AM
24	I think it's a land manager issue, but really, really liked the Oso trail at Beaver Creek.	10/27/2023 7:49 AM
25	Expert level bike trails or even adding alternate lines on existing trails to make more interesting	10/26/2023 9:08 PM
26	There is still so much potential for trails on West Eagle. I know things are still coming, but even after that, there is still so much untouched space.	10/26/2023 8:38 PM
27	Kids in e bikes driving too fast and wreckless.	10/26/2023 7:51 PM
28	Not enough cross country and beginner trails.	10/26/2023 12:40 PM
29	No one is combating this "recreation kills elk" craziness and so it's becoming harder to plan new trails	10/26/2023 12:33 PM
30	Relative lack of advanced, accessible, bike-optimized trail options like Oso.	10/26/2023 12:20 PM
31	I'm sad that some of our good downhill trails have become very flowy. Sometimes, I'd like to just ride down the hill. =)	10/26/2023 6:47 AM
32	The lack of advanced mountain bike trails	10/26/2023 12:25 AM
33	Closures and crowding	10/25/2023 9:16 PM
34	Nothing	10/25/2023 9:14 PM
35	Nothing really	10/25/2023 9:12 PM
36	It would be great to have some trails maintained year round (weather permitting)	10/25/2023 9:05 PM
37	I wish there were more beginner MTB trails to foster greater interest/skills in the sport.	10/25/2023 9:03 PM
38	Impact on Wildlife. We don't need a trail our of each person's backdoor.	10/25/2023 8:32 PM
39	No jump trails other than wills thrills	10/25/2023 7:53 PM
40	Not enough dog friendly	10/25/2023 7:42 PM
41	Need more directional trails and trails in general	10/25/2023 7:23 PM
42	That we lose access to a lot in the winter even when conditions don't require it	10/25/2023 6:42 PM
43	Little more chunky, tech.	10/25/2023 5:59 PM
44	None	10/25/2023 3:18 PM
45	I would love to be able to link together the alpine trails by Sylvan lake with singletrack instead of roads. Sawmill, Ironedge, Sneeve, McKenzie, Salt Creek.	10/25/2023 2:34 PM
46	Lack of directional trails	10/25/2023 2:24 PM
47	Having a big picture vision, whether the FS has bought in or not in the short term. Vail valley is far behind many other areas in progressive trail building	10/25/2023 2:23 PM
48	I would like to see more flow trails	10/25/2023 1:15 PM
49	My grievances have been aired above. I am not a fan of tight punchy switchbacks.	10/25/2023 1:09 PM
50	Fill the segment of paved trail between Eagle and Edwards. Riding highway 6 is dangerous. In the least there should be more signage and bike lane on highway 6. Second educating ebikes. They don't have a clue at times and prove to be dangerous on paved trails, on mtb trails. Prohibiting ebikes on mtb trails would be preferred.	10/25/2023 12:32 PM
51	Uphill travel trail in vail would have been nice; would like an easier climb in west eagle	10/25/2023 11:59 AM

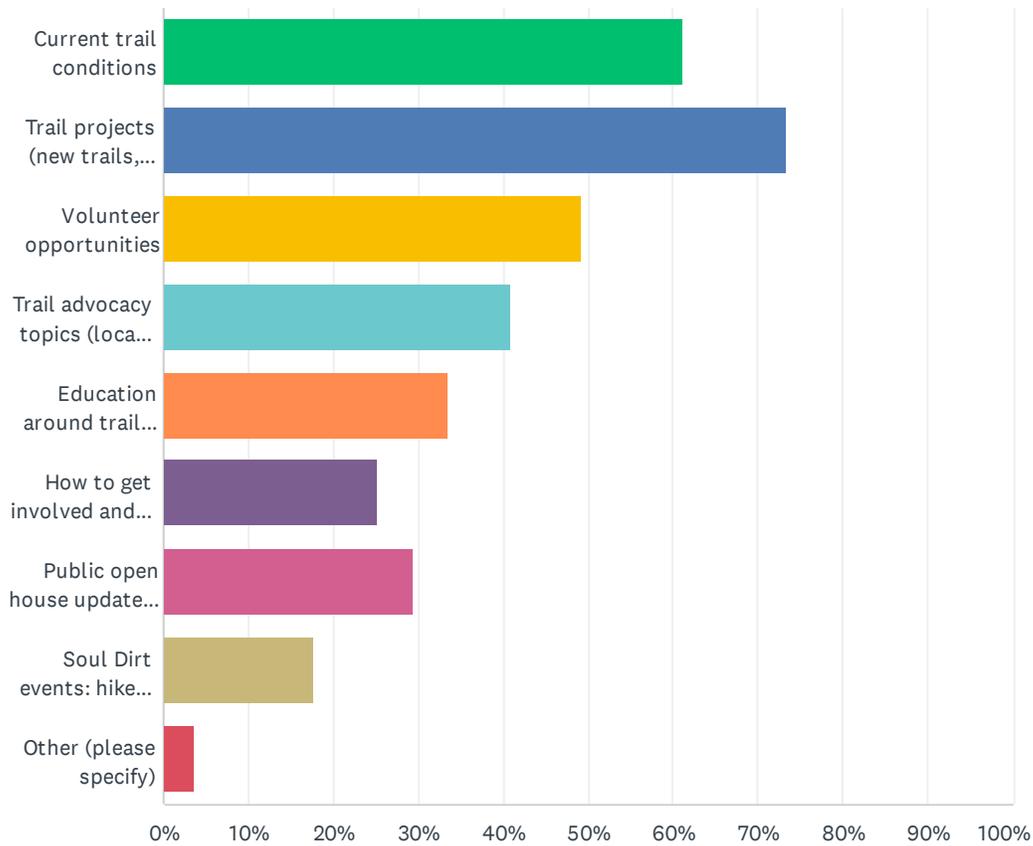

52	I wish there was a way to make some trails hiking only. I do believe everyone has a right to use trails and get outdoors, however there are some trails that are scary when opened to bikers and hikers.	10/25/2023 11:51 AM
53	Would love more long Mtn bike trails and more hiking specific trail maintenance.	10/25/2023 11:42 AM
54	I'm good	10/25/2023 11:39 AM
55	Beginner singletrack and mellow XC riding, especially up-valley	10/25/2023 11:21 AM
56	Seems like a world class recreational area should have much more extended trail network for all user groups	10/25/2023 11:13 AM
57	No e-bikes rules everywhere. That's bullshit	10/25/2023 11:04 AM
58	Ease of access without driving to a trailhead, we need more trails within and connecting our communities.	10/25/2023 11:03 AM
59	I feel like a lot of these new trails are pretty tame. Berms and bumps are fun but it is alright to have slower more technical/natural trails (in terms of mountain biking).	10/25/2023 10:48 AM
60	Sometimes I just want to hike and not deal With mountain bikers.	10/25/2023 10:47 AM
61	I'm not dissatisfied at all, yet would welcome more cross-country trails if that is geographically possible.	10/24/2023 11:02 AM
62	Don't love the closures at certain times of year, but I guess I understand them.	10/23/2023 6:22 PM
63	No comment here.	10/23/2023 1:05 PM
64	I would like a little more technical sections on trails, or trails that are oriented towards downhill mountain biking.	10/23/2023 12:35 PM
65	Need more trails. Especially in town of Vail	10/23/2023 12:14 PM
66	Uphill trail access on Vail Mountain More cross country trail options	10/23/2023 9:36 AM
67	Too many trails - there is already more than enough for everyone.	10/22/2023 2:13 PM
68	overuse on some specific trails, like grouse creek	10/22/2023 9:30 AM
69	I am least satisfied with the trend to make both new and existing mountain bike trails less technically challenging.	10/22/2023 8:49 AM
70	More technical trails to grow our skill sets	10/22/2023 7:41 AM
71	Nothing :). Would love to see a trail connecting red sandstone parking lot to the part of north trail that is a little ways up red sandstone road. Also would love a climbing trail from eagle vail up to beaver creek!	10/22/2023 7:24 AM
72	Singletrack climbs and a little more techy	10/22/2023 6:47 AM
73	I understand that logistically this is difficult, but I would really love it if we could get some trails on the south side of west vail.	10/21/2023 11:35 AM
74	Too many easy trails, need harder ones.	10/21/2023 9:15 AM
75	Too many e-bikes riding FAST on paved bike paths with little regard for safety of others.	10/20/2023 2:59 PM
76	I do not like the over powering of trail season closures especially in Eagle. Many of them seem unwarranted and brought on by non-trail users that do not understand the effects of closing trails seasonally.	10/20/2023 2:26 PM
77	Too many newer trails that are consistently getting neutered. Keep it natural, keep it raw.	10/20/2023 2:22 PM
78	Not much	10/20/2023 1:54 PM
79	N/A	10/20/2023 1:28 PM
80	IMPROVEMENTS TO WHISKEY CREEK TRAIL DOWN TO EVERCRISP	10/20/2023 1:26 PM

85	Ongoing maintenance, collaboration across boundaries	10/20/2023 11:31 AM
86	Creating dumb downed trails	10/20/2023 11:29 AM
87	What frustrates me the most when riding in Eagle County is people ride mud, skid in corners, and tons of e-bikes are on trails where they're restricted. RFMBA has great signage for the mud issue, educating the trail users. We should do this too maybe? I'm sure they'd give us a few signs today.	10/20/2023 11:08 AM
88	more climbing trails and connecting trails	10/20/2023 10:24 AM
89	More i formation	10/20/2023 10:10 AM
90	I am very satisfied, but the above questions made me think of some opportunities. Such as - User specific trails (some trails are hard to bike due to the # of hikers and some trails are hard to hike because of the # of bikers). I feel like this would be difficult to create or change, but a few user specific trails might be helpful in creating a better recreation experience. Also, I was recently in another town that had a connected trail system with directional trails. I feel like this could be really tricky to do, but it was nice to be on directional trails without having to encounter oncoming foot or bike traffic.	10/20/2023 10:04 AM
91	Need to improve the trails at Beaver Creek	10/20/2023 9:42 AM
92	some phenomenal trails going unmaintained (turquoise lake, further back in east lake creek, etc.)	10/20/2023 9:28 AM
93	I wish we had more rolling, cross country type trails. Lots of our trails are straight up, straight down.	10/20/2023 9:16 AM
94	More hard trails! More lees way! It seems like Avon has space to build more hard and fast trails like less, which would be nice for the town since there isn't much else going on besides roundabouts and a "lake"	10/20/2023 9:13 AM
95	open and re-route A-10	10/20/2023 9:02 AM
96	Nothing	10/20/2023 8:56 AM
97	some of the closure dates are clunky (village to village, elkhorn)	10/20/2023 8:47 AM
98	Current policies and restrictions on e-bikes	10/20/2023 8:37 AM
99	Maybe bit to buffed out, lacking the natural features.	10/20/2023 8:34 AM
100	E-bike usage. While there are signs, e-bike users completely disregard them. I appreciate e-bikes are here to stay, but there seems to be little or no recourse to keep riders from using trails where they are currently prohibited.	10/20/2023 8:34 AM
101	Lack of good bike access to high alpine terrain	10/20/2023 8:31 AM
102	In addition to the comment above about BC/Eagle Vail, I would like to see more moderately challenging trails, i.e. still doable for most intermediate riders but still being challenging at the same time to develop skills.	10/20/2023 8:26 AM
103	Dirt biking trails being taken away	10/20/2023 8:01 AM
104	Time and effort to get new trails open	10/20/2023 7:58 AM
105	Can't think of anything	10/20/2023 7:40 AM
106	No complaints.	10/20/2023 7:33 AM
107	mountain bikers never stopping when they're blasting downhill, and I'm trying to run uphill. They all expect me to stop and they get belligerent and swear at me if I don't.	10/20/2023 7:07 AM
108	Single track in Gypsum please!	10/20/2023 6:13 AM
109	Lack of access for E-bikes (class 1)	10/20/2023 12:15 AM

110	Lack of signage and trailside maps.	10/19/2023 10:49 PM
111	Class 1 e bikes. Gets people out on trails who can't do it with out assistance	10/19/2023 10:42 PM
112	super bummed that we cant make the singletrack happen next to/ adjacent to piney road (option to climb on singletrack, avoid the vehicular traffic)	10/19/2023 10:25 PM
113	Seasonal closures not being heeded	10/19/2023 10:03 PM
114	Too much flow and climbing trails	10/19/2023 9:05 PM
115	It is difficult to easily ride singletrack from east vail without pedaling into town.	10/19/2023 9:04 PM
116	'fixes' to traditionally challenging trails.	10/19/2023 8:53 PM
117	More designated winter trail routes. Selected to be low angle, low avy danger, with tree tags	10/19/2023 8:41 PM
118	Limited good climbing single track trails up Vail mountain	10/19/2023 8:40 PM
119	More beginner trails would be great. However, I understand given our mountainous region that is not always possible.	10/19/2023 8:14 PM
120	Growing threat of more e-bike access	10/19/2023 8:09 PM
121	The redesign of trails that don't need it. I haven't seen it actually improve the erosion or state of the trail.	10/19/2023 8:08 PM
122	Anything	10/19/2023 8:05 PM
123	Directional trails. Why build jumps and features on cougar ridge when it's not directional.	10/19/2023 7:59 PM
124	Some trails got ignored like Mikes	10/19/2023 7:51 PM
125	I believe there are a lot of opportunities to create flowy trails in the Gypsum area. I wish more attention for child development was focused on the western out of the county where most of our local workforce lives	10/19/2023 7:47 PM
126	Nothing	10/19/2023 7:44 PM
127	Not sure	10/19/2023 7:43 PM
128	bummer that Arrowhead is allowing ebikes though. the word is out and people are ruining the trails doing effortless loops. I think we need to prevent that in the future to whatever degree we can.	10/19/2023 7:43 PM
129	Very limited expert-level mountain biking... even the black diamonds tend to be relatively easy compared to nearby regions.	10/19/2023 7:41 PM
130	Lack of nice easy spin-able uphill trails to access more downhill (like 18 rd uphill style) and a harsh attitude towards ebikes.	10/19/2023 7:40 PM
131	I don't know?	10/19/2023 7:38 PM
132	Low amount of class 1 e-bike trails and technical trails	10/19/2023 7:29 PM
133	Nothing	10/19/2023 7:29 PM
134	more e bike access	10/19/2023 7:25 PM
